November 18, 1947

Family of
Professor Dr. Max Planck

I have received your notice of the death of Professor Dr. Max Planck, of which I had already heard from the newspapers.

I wish to express to his family my deepest regret for this loss, which removes from scientific activity one of the great masters.

Respectfully yours,

A handwritten signature in dark ink, reading "Enrico Fermi". The signature is fluid and cursive, with a long, sweeping tail on the final letter.

Enrico Fermi
